# Instructions for EMPLOYEE REPORT OF OCCUPATIONAL INJURY OR ILLNESS TO EMPLOYER

## TO THE EMPLOYEE

**You must complete and sign** this form. Keep a copy of the completed form for your records, and immediately give this form to your employer. You should notify your employer immediately, but no later than 30 days after your injury occurred or illness began.

The employer will notify their insurer, their claims administrator, and the Division of Workers' Compensation of your injury.

After obtaining medical treatment, tell your health care provider's office to submit the required "Physician's Report" (8 AAC 45.086) to your employer.

You will not be paid compensation for lost wages for the first three (3) days off work unless your disability lasts more than 28 days. The first installment of compensation becomes due on the 14th day after the employer has knowledge of the injury, illness or disease. After the first payment, you should get a check every two (2) weeks while you are disabled. If you have not received payment within 21 days from the date you were injured or became ill, contact the insurer or adjuster first. If you have any questions or problems, contact the Division of Workers' Compensation office nearest you (contact information listed below). If you are off work for three (3) or more days, you will need to provide additional information to your employer's claims adjuster regarding your wages, marital status, and number of dependents.

If you believe your work-related injury or illness will keep you from returning to your job at the time of injury, you may need retraining. The training benefits to which you may be entitled, and how you go about getting them, depend on your date of injury. If you are off work for 45 days, contact the division office in Anchorage to learn more about your rights for reemployment benefits. You may also refer to the Reemployment Benefits section of the "Workers' Compensation and You" brochure available at the Division's internet web page:
