**Notice of Public Review of the:
Northern Region Five-Year Schedule of Timber Sales**

The Division of Forestry (DOF) invites your comments on the proposed Five-Year Schedule of Timber Sales (FYSTS) for the Northern Region. **The Division of Forestry is submitting this combined Northern Region FYSTS Draft version to further streamline and standardize the Area office procedures as well as give members of the public opportunity to comment on proposed timber sales for the entire Tanana Valley State Forest in one document.** The schedule includes proposed timber sales for fiscal years 2020 to 2024. Vicinity maps are included for each of the five years. Detailed maps are included for Years 1 and 2 to assist in site specific review of these areas. These maps are ordered as in the schedule. This is a scoping document that outlines proposed timber sale activity to be undertaken on Tanana Valley State Forest and other State land over the next five years; it is not a decision document.

The draft of the Five-Year Schedule are available at:
