

MEMORANDUM OF UNDERSTANDING BETWEEN
THE STATE OF ALASKA
AND
UNITED STATES DEPARTMENT OF AGRICULTURE, FOREST SERVICE

THIS MEMORANDUM OF UNDERSTANDING is hereby made and entered into by and between the State of Alaska by and through the Office of the Governor (hereinafter the "State"), and the United States Department of Agriculture, Forest Service, (hereinafter the "Forest Service") on behalf of the United States Department of Agriculture (hereinafter the "Department").

A. PURPOSE:

This Memorandum of Understanding ("MOU") is established by the undersigned parties to document the cooperation between the parties on the establishment of rules governing the management of inventoried roadless areas located within the National Forests in Alaska. The Governor of the State of Alaska submitted a petition (per the requirements of § 553 of the Administrative Procedure Act) to the Secretary of Agriculture, seeking exemption from the nationwide rules governing management of inventoried roadless areas on the Tongass National Forest in Alaska. On June 1, 2018, the Secretary of Agriculture directed the Chief of the Forest Service to initiate a state-specific rulemaking for roadless management direction for the Tongass National Forest in Alaska on behalf of the Department.

In accordance with the Council on Environmental Quality regulations (40 C.F.R. §§ 1501.6, 1508.5), the State of Alaska is hereby established as a cooperating agency in the preparation of analysis and documentation under the National Environmental Policy Act ("NEPA") associated with this rulemaking. The state-specific rulemaking process will include publishing a proposed rule for public review and comment and preparing an Environmental Impact Statement.

For the purpose of this MOU, the applicable "inventoried roadless areas" are those in Alaska that are described and defined in the 2001 Roadless Area Conservation Rule (66 FR 3243, 3272, Jan. 12, 2001), and "Alaska roadless areas" are those in Alaska that an Alaska-specific roadless rule would apply. It is anticipated that the parties will reach a mutual agreement regarding an Alaska roadless area database for those roadless areas in Alaska prior to the development of specific regulatory language.

B. AUTHORITY:

This agreement is authorized pursuant to the Organic Administration Act of 1897, 16 U.S.C. §551; Multiple Use, Sustained Yield Act, 16 U.S.C. §§528-531; Forest and Renewable Resource Planning Act of 1974, as amended by the National Forest Management Act of 1976, 16 U.S.C. §§ 1601-1614; see also 23 U.S.C. 201, 205, Administrative Procedure Act 5 U.S.C. §553, 7 C.F.R. §1.28; 40 C.F.R. Parts 1500-1508.

The State of Alaska is authorized to enter into this agreement pursuant to Alaska Statute AS 41.17.055. §.

C. STATEMENT OF MUTUAL BENEFIT AND INTERESTS:

The USDA Forest Service manages National Forest System lands to maintain and enhance the quality of the environment to meet the Nation's current and future needs. Forest Service land management supports recreation, water, timber, fish, wildlife, wilderness, aesthetic values and a variety of resource development activities for current and future generations. Currently there are over 21.9 million acres of National Forest in the State of Alaska, of which approximately 14.7 million acres are considered inventoried roadless areas as defined by the 2001 Roadless Area Conservation Rule.

The State of Alaska is responsible for representing its citizens in matters affecting them. State governments are important partners in management of the nation's land and natural resources. State agencies have knowledge and expertise relative to natural resources, economic growth and development, resource planning, transportation, and other matters, all of which may be affected by Forest Service management.

Both parties are committed to and will benefit by resolving conflicts over roadless area management through increased communication, sharing of information, participation, cooperation, and coordination in implementing their respective missions as part of the state-specific rulemaking process.

D. BOTH PARTIES SHALL:

4. Assess responsibilities under the Tongass Timber Reform Act (TTRA), the Alaska National Interest Lands Conservation Act (ANILCA), and the ecological, social, and economic factors for Southeast Alaska, as requested by the State in its roadless petition.
5. Ensure the point of contact for the State is regularly briefed to ensure the State is aware of the progress, issues, and changes associated with the development of the final rule.
6. Designate a representative who will work with the State of Alaska to provide technical information and support as necessary for development and analysis of a proposed rule and alternatives.

F. THE STATE SHALL:
