

Statement of Purpose

This State of Alaska Incident Business Management Handbook (AIBMH) is intended to be supplementary and augment the Interagency Incident Business Management Handbook (IIBMH) so a field organization in support of State of Alaska fires has direction on rules, and procedures specific to State of Alaska incident business management practices.

The AIBMH applies existing State of Alaska administrative, contracting, and financial regulations and Department procedures within the framework of fire business management operations, clarifying for staff the Forestry-specific applications.

In addition, the AIBMH is meant to speak on issues of concern where differences between State of Alaska incident business practices and those found in the IIBMH exist. Generally, where the AIBMH is silent on a topic and where any State of Alaska administrative policy or procedure is not contradicted, we abide by the IIBMH.
