# Alaska Division of Forestry

## 2010 Emergency Equipment Rental Rates

### EXPLANATION OF RATES

The rates in this document were calculated for interagency use based on the Rental Rate Blue Book for Construction Equipment (Blue Book) and/or by polling commercial vendors. The rates are fair and reasonable for equipment in generally new and good operating condition. Rates are effective pending any modifications resulting from the previous season, directives, and/or changes in the applicable Service Contract Act Wage Determination (SCA) or marketplace realities, from the date of approval of the EERA by an authorized procurement officer through March 1, 2012.

**Equipment furnished under a contractual agreement with the Division of Forestry may be subject to extreme environmental and/or strenuous operating conditions which could include, but are not limited to, damage from unimproved or narrow roads, steep, rocky, brushy, hilly terrain, dust, heat, and smoky conditions that could cause damage to equipment. As a result, the rates paid for equipment include an additional allowance that is meant to cover expected wear and tear due to adverse conditions under which the equipment is likely to be operated.**

By signing the agreement the contractor acknowledges that equipment will be operated under adverse conditions during fire support and suppression activities. Compensation for damages that might accrue to equipment rented by the State are reflected in the Emergency Equipment Rental Rates.

The Division of Forestry does not cover claims for wear and tear of personal clothing, gear, or equipment. In the event damage or destruction occurs, and it is determined the state's negligence has caused the loss, only personal clothing, gear, or equipment that is required for the performance of the job or contract, or are otherwise allowable in the provisions of this chapter, will be covered.

#### **Daily Rate**

Equipment hired at a daily rate is under hire for a 24-hour period each day, except for the first and last day. If equipment is on shift for 8 hours or more on the first and last day of hire, a full daily rate is paid. If equipment is on shift for less than 8 hours on the first and last day of hire, ½ the daily rate is paid. Daily rates for single shift shown are based on calculations for one operator for one operational period.

Rate calculations for a second operational period include the additional expenses a contractor might incur operating 24 hours per day. These include, but are not limited to, a second operator's wages, operating supplies, overhead, additional cost of the wear and tear, maintenance, and profit on the foregoing. Hiring equipment at the double-crewed rate is rarely done and must be approved by the appropriate authority (i.e. Area FMO or Area Forester for Type 3 and below incidents; Operations Section Chief or IC for Type 1 and 2 incidents). Documentation must appear on the resource order.

A contractor's fixed costs such as insurance and depreciation are not included in the calculations for the second operational period. These costs have already been calculated into the daily rate for the first operational period.

#### **Dry**

All equipment hired by the State will be hired "dry", meaning the State will provide or pay for fuel costs. The vendor will provide other operating supplies such as oil, filters, lube/oil changes, and so forth. When equipment is hired without operator the state will provide all operating supplies.

#### **Single Shift Daily Rate**

Single shift daily rate applies to equipment hired with one operator/crew that will generally work between 12 and 16 hours, as noted in the Incident Action Plan, by operations staff on the incident, or at

# Alaska Division of Forestry

## 2010 Emergency Equipment Rental Rates

the Area. Occasionally, the operator is required to work an excessive shift length and no additional compensation will be due. This is more likely to occur during the initial attack of the incident or when an unexpected blowup occurs.

### Special Rate

A Special Rate shall apply when an additional rate is charged in addition to the hourly, daily, or weekly rate for the same piece of equipment. A Special Rate example: mileage rate for servicing portable toilets or an additional operator for a bus.

### NOTE:

**If the exact make and model of equipment is not listed in a particular Rental Class Table, use the horsepower rating to determine the daily rate.**

### HEAVY EQUIPMENT

Rates include suppression equipment such as backhoes, dozers, excavators, forklifts, graders, and skidders/skidgines.

The contractor shall provide the following items on all heavy equipment:

- Ax or Pulaski
- Fire extinguisher (minimum rating, ABC)
- Shovel
- Headlights and backup lights, and backup alarms
- First Aid kit
- Safety equipment including rollover protection (safety canopy) and approved spark arrester or exhaust system
- All heavy equipment shall have cab protection, such as brush guards
- Skidders are required to have tire chains

### BACKHOES

Backhoes are hired on a daily basis with the state providing fuel and the contractor providing the operating supplies and contractor-hired operator. Included in the rate is contractor-provided support for maintenance, permits, and operator transportation. Upon passing inspection this equipment will be considered on shift. Transportation costs for the equipment will be paid separately according to the rates specified under the Transport section of this document.

CLASS (FWHP)	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)

## Alaska Division of Forestry 2010 Emergency Equipment Rental Rates

### DOZERS

Dozers are hired at the daily rate with vendor providing operator and service vehicle. State provides fuel only, other operating supplies provided by vendor. Included in the rate is contractor-provided support for pilot cars, maintenance, service vehicle, operator transportation, and permits. Upon passing inspection this equipment will be considered on shift. Transportation costs for the equipment will be paid separately according to the rates specified under the Transport section of this document.

### **FORKLIFTS**

Forklifts are hired from commercial rental companies or equipment dealers at the commercial rate without operator. Assigned operator should meet any agency-specific training requirement.

### **FELLER BUNCHERS**

Feller bunchers are hired on a daily basis with the state providing the fuel and the contractor providing the operating supplies and contractor-hired operator. Included in the rate is contractor provided support for pilot cars, maintenance, permits, service vehicles, and operator transportation. Upon passing inspection this equipment will be considered on shift. Transportation costs for the equipment will be paid separately according to the rates specified under the Transport section of this document.

CLASS (FWHP)	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)
Type 1 (> 225 FWHP)	\$3,080	\$5,580
Type 2 (160-225 FWHP)	\$2,258	\$4,073

### **GRADERS**

Graders are hired on a daily basis with the State providing fuel and the contractor providing operating supplies and contractor-hired operator. Included in the rate is contractor-provided support for pilot cars, maintenance, permits, service vehicle, and operator transportation. Upon passing inspection this equipment will be considered on shift. Transportation costs for the equipment will be paid separately according to the rates specified under the Transport section of this document.

### SKIDDERS

Skidders are hired on a daily basis with the State providing fuel and contractor providing the operating supplies, service vehicle, permits, and contractor-hired operator. Included in the rate is contractor-provided support for pilot cars, maintenance, and operator transportation. Upon passing inspection this equipment will be considered on shift. Transportation costs for the equipment will be paid separately according to the rates specified under the Transport section of this document.

If a skidder is equipped as a skidgine, add the rate as shown by tank size below. Skidgine must have a minimum of a 200 gallon tank and not exceed the manufacturer's load rating. It is recommended that skidgines have 150 feet of 1-inch hardline with  $\frac{3}{4}$  - inch inside diameter hose on a reel, and 200 feet of 1-inch linen hose.

TANK SIZE	DAILY RATE
200 gal – 399 gal	\$127
400 gal – 799 gal	\$210
> 800 gal	\$438

All pumps shall have pressure gauges that meet the minimum pump pressure rating. No fiberglass tanks will be accepted. All tanks must be certified and baffled in compliance with NFPA or American Society of Mechanical Engineers' standards or other industry accepted engineering standards.

**ATV ENGINE**

ATV Engines are hired on a daily basis with the State providing fuel and contractor providing the operating supplies, service vehicle, and contractor-hired operator. Included in the rate is contractor-provided support for pilot cars, permits, maintenance, and operator transportation. Transportation costs for the equipment will be paid separately according to the rates specified under the Transport section of this document.

ATV Engines must be equipped with a minimum of a 250-gallon tank and must have the ability to pump water with minimum speed of 30 gpm and minimum pressure of 100 psi. Common models of ATV Engines include Nodwell and Bombardier.

<b>TYPE (CAPACITY)</b>	<b>DAILY RATE</b>
Up to 5,000 Gallons	\$1,921

## Alaska Division of Forestry 2010 Emergency Equipment Rental Rates

### UTILITY VEHICLES

When utility vehicles are needed without operator, use the Vehicle Only rate. In this situation, the state provides all operating supplies and operator.

When utility vehicles are hired with operator they are hired on a daily basis with the State providing fuel and contractor providing the operating supplies. When vehicle is hired with operator they must possess a valid state driver's license. The operator's health and physical condition must be sufficient to perform the duties of driver without causing themselves or anyone else undue harm. **All operators shall be able to occasionally lift objects up to 30 pounds.**

## 2010 Emergency Equipment Rental Rates

### BUSES

Buses are hired on a daily basis with the State providing fuel and contractor providing the operating supplies, and contractor-hired operator. Included in the rate is contractor-provided support for maintenance.

Cargo, such as tools, fire packs, and equipment shall not be carried in the bus unless they are securely lashed down or stored behind a well-anchored screen separating the tools and gear from the passengers. The bus shall provide for at least one emergency exit in addition to the main door and access to the emergency exit must be free of barriers.

DOF requires liability insurance in the minimum amount of \$1,000,000 combined single limit per occurrence.

<b>PASSENGER CAPACITY</b>	<b>DAILY RATE</b>	<b>ADDITIONAL OPERATOR</b>
25 – 45 passengers	\$1,274	\$350
65 passengers	\$1,364	\$350

### HEAVY EQUIPMENT TRANSPORT VEHICLES

Transports are hired on a daily basis with the State providing fuel and the contractor providing operating supplies, any support vehicles, permits, and contractor-hired operator

Heavy equipment plus transport with an operator for each unit will receive the full daily rate for each piece of equipment except for first and last day.

**When a lowboy/transport and another piece of equipment, such as a dozer, are hired, and both pieces of equipment use the same operator, daily payment for the lowboy/transport will be deducted by \$555 for a single shift and by \$951 for a double shift. On first and last day if equipment is under hire less than 8 on-shift hours the deduction will be reduced by half.**

If a pilot/flag vehicle(s) is/are required by law during transportation of heavy equipment, no additional payment will be made for such vehicles or operators. Included in the rate is contractor-provided support for pilot cars and service vehicles plus their maintenance, and operator transportation. Permits, if necessary, are the responsibility of the vendor.

If the State releases the transport, but the vendor elects to keep the transport at the incident location, no further payment is due because the period of hire ended when the transport was released. The transport's trip to return the equipment to the point of hire is considered a new period of hire.

### **Hiring Transport Equipment**

Transport equipment can be hired using two different methods to meet Forestry's needs:

1. Transport costs can be ordered as a service and an "S"-number is issued to document the ordering of the drop and release or point-to-point service. This may be an appropriate method where the

## Alaska Division of Forestry 2010 Emergency Equipment Rental Rates

Division needs to move equipment and the heavy equipment vendor has no access to a transport. A rate is agreed upon at time of hire and the Division will pay the invoice submitted by the transport company. Since the transport company is providing a service, no inspections are needed, nor will claims be processed for the transport service. The negotiated rate should be documented on the resource order and be included as backup documentation when the invoice is processed. **THE TRANSPORT CANNOT BE HELD BY THE INCIDENT UNLESS A NEW EQUIPMENT RESOURCE ORDER IS CREATED AND AN INSPECTION WILL BE COMPLETED BEFORE THE TRANSPORT IS PUT UNDER HIRE AND INTO SERVICE AT THE INCIDENT.**

2. Transport can be ordered as Equipment and an “E”-number is issued to document the specific requirements regarding the equipment. This may be an appropriate method when the incident requires a transport to be assigned to an incident or to support initial attack operations. Incident or Area personnel must determine whether they need a separate operator for the transport or if one operator will drive the transport then operate the equipment being transported. When a transport and another piece of equipment such as a dozer are hired, and both pieces of equipment use the same operator, daily payment for the transport will be reduced by \$555 for a single shift and by \$951 for a double shift except for first and last day.

TRUCK SIZE	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)
Pickup and trailer and transports under 10 tons	Negotiated Rate	
Dump truck and tilt bed *	\$842	\$1,436
10-19.99 Ton	\$870	\$1,529
20-29.99 Ton	\$1,022	\$1,807
30-39.99 Ton	\$1,386	\$2,475
40-49.99 Ton	\$1,655	\$2,969
50 Tons & Over	\$1,677	\$3,008

\* *Additional trailer allowance of \$50 included in rate.*

### **WATER TRUCKS**

Water Trucks are hired on a daily basis with the State providing fuel and the contractor providing operating supplies, and contractor-hired operator(s). Water trucks shall have a water tank baffled in such a manner that it shall conform to the National Fire Protection Association (NFPA) Standards for Mobile Water Supply Apparatus, 4-2.3, or the American Society of Mechanical Engineers or other industry-accepted engineering standards. NFPA states, “*Any water tank shall be provided with at least one swash partition. Each water tank shall have sufficient number of swash partitions so the maximum dimension of any spaces in the tank, either transverse or longitudinal, shall not exceed 48” (1,220 mm) and shall not be less than 23” (584 mm).*”

When fully loaded, water trucks (including operators and accessory equipment) will conform to Manufacturer’s Gross Vehicle Weight Rating (GVWR) or state highway Gross Vehicle Weight (GVW) limits, whichever is less. This includes balancing the load in a manner that all axle weights comply with

## Alaska Division of Forestry 2010 Emergency Equipment Rental Rates

the GVWR. An exception to the GVW requirements may be made for Type 1 tenders designed for off-highway construction, where the GVW is less than the GVWR.

Vehicles shall be licensed to carry the loaded GVW of the unit. Vehicles which require a licensed CDL operator when operating on public highways, shall be furnished with, and operated by a licensed CDL operator at all times.

Vehicles shall be configured in a manner that the center of gravity, for the vehicle, is within the design limits of the equipment.

Negotiate water rates, if applicable, at the time of hire. If water is purchased commercially, the market rate will be used, and receipts are required in order to reimburse the vendor. In no case shall the incident pay more than the commercial rate for water.

### **WATER TRUCKS (dust abatement)**

Water trucks are hired on a daily basis with the State providing fuel and the contractor providing the operating supplies and contractor-hired operator. Included in the rate is contractor-provided support for maintenance.

A water truck for dust abatement is required to have, as a minimum, an eight (8) foot wide spray capability (pressure or gravity). They also must have a 100-gallon per minute (gpm) self-loading capability.

MIN. GALLONS	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)
1000	\$742	\$1,294
2500	\$1,060	\$1,876
5000	\$1,195	\$2,124

### **WATER TRUCKS (potable)**

Potable Water Trucks are hired on a daily basis with the State providing fuel and the contractor providing operating supplies and contractor-hired operator(s). Potable water trucks are defined as vehicles equipped to store and dispense drinking water. The equipment shall meet state and local requirements for potable water. Price includes any permits. The daily work rate for the truck is based on a 24 hour period with one operator. The operator must work within the work rest guidelines.

GALLONS	DAILY RATE	ADDITIONAL OPERATOR
0 – 500	\$900	\$400
501 – 999	\$1,024	\$400
1000 – 2000	\$1,208	\$400
2001 – 3000	\$1,523	\$400
3001 – 4000	\$1,591	\$400

# Alaska Division of Forestry

## 2010 Emergency Equipment Rental Rates

### **WATER TRUCKS (grey water)**

Water trucks are hired on a daily basis with the State providing fuel and the contractor providing the operating supplies and contractor-hired operator. Included in the rate is contractor-provided support for maintenance. Contractor is responsible for proper removal and disposal of wastewater, including any disposal fees and permits.

Upon approval and documentation, in writing, of a disposal agreement, the State may reimburse the Contractor for the costs associated with the disposal of grey water in accordance with the documented grey water disposal agreement. If costs are associated with the disposal process the Contractor shall provide an invoice verifying the date, time, and amount of grey water disposed.

<b>GALLONS</b>	<b>DAILY RATE (SINGLE SHIFT)</b>	<b>DAILY RATE (DOUBLE SHIFT)</b>
1000	\$742	\$1,294
2500	\$1,060	\$1,876
5000	\$1,195	\$2,124

### **WATER TENDERS**

Tactical Water Tenders will be provided by State Cooperators and staffed with qualified personnel. Rates, terms, and conditions of hire are listed in Chapter 7 of the AIBMH.

### **DUMP TRUCKS**

Dump trucks are hired on a daily basis with the State providing fuel and contractor providing the operating supplies, service vehicle, and contractor-hired operator. Included in the rate is contractor-provided support for maintenance and operator transportation. For any portion of a calendar day that a dump truck is used as a transport (provides a tilt bed trailer), add \$50 to the daily rate.

<b>CLASS (Capacity)</b>	<b>DAILY RATE (SINGLE SHIFT)</b>	<b>DAILY RATE (DOUBLE SHIFT)</b>
Minimum 5 yards	\$792	\$1,386
Minimum 10 yards	\$1,848	\$3,321

### **FUEL TRUCKS**

Fuel trucks are hired on a daily basis with the State providing fuel for the truck, and the contractor providing operating supplies and contractor-hired operator(s). Aviation fuel trucks will be hired using commercial vendor's standard rates and method of hire. Operators will use the Emergency Equipment Fuel & Oil Issue Record, OF-304. Fuel log must be kept to document fuel dispensed on incident. Vendor shall provide invoices for the commodity vended; the price charged shall reflect the current market price. No separate payment will be made for nursing trucks or required spill-containment equipment.

## Alaska Division of Forestry 2010 Emergency Equipment Rental Rates

When the vendor provides fuel to incident agency vehicles and vehicles owned by other vendors, the E number must be entered on the OF-304 and noted in fuel log. The driver should sign the OF-304.

Fuel truck shall be fully registered as a commercial vehicle and be current with all DOT, EPA, and State inspection requirements. Vehicles which require CDL operator when operating on public highways shall be provided with a qualified operator at all times.

Fuel dispensing system shall be so designed to eliminate the wrong product being dispensed, e.g. gasoline being introduced into a diesel-powered vehicle due to the dispensing system not being completely drained from the previous fueling. A separate dispensing system for each product carried is required.

The operator must work within the works rest guidelines.

GALLONS	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)
1000	\$1,590	\$2,849
2500	\$1,890	\$3,399
3500	\$1,980	\$3,564
5000	\$2,145	\$3,866

### ENGINES

#### **STRUCTURAL FIRE DEPARTMENT (SFD) APPARATUS**

Structure Fire Department apparatus are provided by State Cooperators. Rates, terms and conditions of hire are listed in Chapter 7 of the AIBMH.

#### **FIRE ENGINES FROM PRIVATE VENDORS**

Fire engines are hired on a daily basis with the State providing fuel and the contractor providing operating supplies and contractor-hired operator(s). Additional requirements specifying what type of equipment must be carried, number and qualifications of engine personnel, and so forth, are listed in the Supplemental Engine Requirements and must be met for the vendor's equipment to qualify as a fire engine. The Supplemental Engine Requirements are included within Chapter 6 of the AIBMH and can be viewed at the Equipment Hiring Website: <http://forestry.alaska.gov/equipment.htm>

#### **ENGINES WITHOUT FOUR WHEEL DRIVE**

TYPE	CAPACITY	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)
7	50-150 Gal Tank 10GPM/100PSI	\$1,418	\$2,468
6	150-400 Gal Tank 30GPM/100PSI	\$1,540	\$2,690

## Alaska Division of Forestry 2010 Emergency Equipment Rental Rates

TYPE	CAPACITY	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)
5	400-750 Gal Tank 50GPM/100PSI	\$1,645	\$2,884
4	750+ Gal Tank 50GPM/100PSI	\$1,715	\$3,013

### ENGINES WITH FOUR WHEEL DRIVE

TYPE	CAPACITY	DAILY RATE (SINGLE SHIFT)	DAILY RATE (DOUBLE SHIFT)

4	750+ Gal Tank 50GPM/100PSI	\$1,890	\$3,333

### INCIDENT SUPPORT ITEMS

#### BOATS

Boats are hired on a daily basis with the State providing fuel and two-cycle motor oil. The contractor provides a registered boat, operating supplies, boat trailer, any support vehicles, and contractor-hired operator. The boat operator is required to operate the boat in a safe and efficient manner. Boats hired will be considered “bare boat” charters and the operators **will not** be required to have specialized licensing (i.e. 6-pax license) per USCG Navigation and Vessel Inspection Circular 7-94. The operator is responsible for navigating waterways and ensuring that passengers are given safety briefings and that the boat is not overloaded with passengers or cargo. The state may provide a river boat manager to help manifest cargo and personnel and to communicate with Operations personnel on an incident. **(Note: Canoes, kayaks, scanoes, catamarans, personal water craft, or equipment devised as a floating device will not be hired. Inflatable boats will only be provided by federal or other state agencies or hired from Cooperators at the rates listed directly below (based on size and engine horsepower). Cooperator will provide qualified operator and the operator rate is included in the daily rate listed below.**

The contractor shall provide the following items on boats:

- Fuel storage cans
- Basic tools and spare parts for maintaining the watercraft
- Anchors and ropes for holding boats in areas where anchoring is reasonable
- First aid kit
- Fire extinguisher (minimum rating, ABC)

## Alaska Division of Forestry 2010 Emergency Equipment Rental Rates

The state will provide

- Sound producing device
- Personal Flotation Device for each passenger
- PPE for boat operator (fire shirt and pants)

All items provided by the State to the operator will be returned to the State or the cost to replace the gear will be deducted from the payment due the contractor.

FWHP	SIZE	DAILY RATE
< 150 HP	< 16 ft	\$493
< 150 HP	16 – 20 ft	\$533
< 150 HP	21 – 23 ft	\$613
< 150 HP	>23 ft	\$693
≥ 150 HP	16 – 20 ft	\$573
≥ 150 HP	21 – 23 ft	\$653
≥ 150 HP	>23 ft	\$733

Agency provided boats, boats hired commercially from registered operators as a service, and boats hired on a cost negotiated per trip basis are not discussed within this document.

### AIRBOATS

All information listed above regarding boats will apply to airboats. Passengers transported in airboats must be provided a seat. Airboat length will be the sole basis used to determine daily rate.

SIZE	DAILY RATE
≤ 14 ft	\$771
> 14 – ≤ 16 ft	\$881
> 16 – ≤ 18 ft	\$992
> 18 – ≤ 20 ft	\$1,101
> 20 ft	\$1,212

### CHAINSAWS

Daily rate is \$645. The rate includes faller with saw, operating supplies, incidentals, and transportation. Daily rate for a chainsaw without operator is \$50.

# Alaska Division of Forestry

## 2010 Emergency Equipment Rental Rates

### PORTABLE PUMPS

Portable pumps are hired without operator, with State-furnished supplies. Equipment may be on a daily, weekly, or monthly rate. Preferred method of hire shall be commercial rate on commercial agreement without operator. Allow for delivery charges. If hired from a non-commercial entity, the daily rate shall be as indicated below.

SIZE	DAILY RATE	WEEKLY RATE	MONTHLY RATE
1-1/2" Pressure Pump	\$25	\$63	\$188
2" Pressure Pump	\$63	\$188	\$469
3" Volume (trash) Pump	\$75	\$225	\$563
4" Volume (trash) Pump	\$100	\$331	\$775
6" Volume Pump, trailer mounted	\$313	\$750	\$2,188

### DUMPSTERS

Dumpsters are hired at a daily, weekly, or monthly rate. Use commercial vendor's standard rates and method of hire. The vendor should specify delivery, pickup, and disposal rates if possible. **This type of service should be tracked and ordered under an 'S' number.**

### MOBILE OFFICE

Mobile offices are defined as a building equipped with electrical hook-up and telephone capabilities, lighting, and set-up to be transported to field locations. Hire mobile offices at a daily, weekly, or monthly rate. The rate should include delivery, set-up, and transport back to the point-of-hire. Use commercial vendor rates.

### OFFICE MACHINES AND EQUIPMENT

Office machines include photocopiers, fax, computers, generators, etc. Office equipment is hired at a daily, weekly, or monthly rate. Use commercial vendor's standard rates and method of hire. Negotiate rate for service calls which are realistic, based on response time-frames and distance.

### PORTABLE TOILETS

Portable toilets are hired at a daily rate with a service truck mileage rate or per service rate. Use commercial vendor and rates. Negotiate a servicing frequency sufficient for the number of personnel in the incident base or other facility. **This type of service should be tracked and ordered under an 'S' number.**

### REFRIGERATOR TRUCKS

Refrigerator trucks are hired at an un-operated daily rate, plus truck delivery and pick-up rates. Use commercial vendor and rates. Rates for truck-mounted refrigerator units may be higher than trailer units.
