Northwest Coffman SSE-1395-K RFP
Additional Information – 08/04/2026

Layout and FLUP

DFFP will complete timber sale layout and produce the FLUP decision prior to contract negotiation. The sale preliminary reconnaissance work was comprehensive and changes to the proposed design are not expected to significantly alter the sale. The final design work will occur during this RFP review period. Contract award will be negotiated based on final adopted FLUP design.

Road Construction

4.8 miles new construction.

Road Crossing Structures

No anadromous fish crossings in proposed layout.
